I, the undersigned, hereby agree that Starlight's Animal Boarding or any member of this organisation can not and will not be held accountable for any injury, illness or damage caused to either my animal or property during the bonding period.

Furthermore I agree to allow Starlight's, a member of this organisation, or a party acting on its behalf to obtain veterinary treatment for my animal should it be required.

I understand I am liable to pay all charges for any such service rendered and that my details may be held on account by the participating veterinary practice to secure such payment.

I understand Starlight's will provide a full and valid receipt for all veterinary services rendered and will seek to inform me at the earliest opportunity of any need for veterinary intervention arising.

I understand that Starlight's or a member acting on its behalf is liable to pay any treatment required by the animal(s) I seek to adopt until such time that I have completed an adoption contract and that animal becomes my legal responsibility, from which point on the well being of the animal becomes my sole responsibility.
